Thiokol Memorial History Museum

We have had 200 visitors come to our new Museum since its Grand Opening. That is a milestone in which we are very excited about and proud of. The public's interest and their reaction to the History depicted is more than we could have ever imagined. The Thiokol Memorial History Museum provides an opportunity for its visitors to discover a history that has been omitted. The Thiokol Era is a history about opportunity and change; it embodies who we are as a people when tragedy strikes and how we took the lessons learned from that devastation to move an entire nation forward to a better life. By sharing this history we are educating humanity about the impact these forgotten Patriots and Heroes had on the lives we are privileged to live.

The Museum is open Monday thru Friday from 10AM – 2PM. Admission is free. Donations are welcome. We are available via appointment and prior scheduling for private viewings by groups on Saturdays.

Speaking Truth to Power!!

We have been granted an opportunity to meet with Congressman Earl “Buddy” Carter during the month

of April. The purpose of our meeting is to gain his support for bestowing the Congressional Gold Medal to our **29 Patriots**.

During our visit, we will educate him about the contribution that our Patriots made to our nation. They were the manufacturers of the munitions utilized by our military during the Vietnam War. We will also share with him the rich history of these great American Industrial Pioneers. They were among the first men and women in American History to work together in a fully integrated coed industrial workplace. They created the two-income family in America and transferred the Southeastern Region from its Plantation and Domestic Era into an Industrial Economy. We will also share with Congressman Carter our Vision of the Future - Thiokol Memorial National Park. A National Park Site which will Remember-Honor-Educate humanity about the inspirational lives of our Patriots and the Heroes from the league of 15 Cities.

Congressional Gold Medal Petition

Thanks to our volunteers we have been traveling across the region gathering signatures for the Congressional Gold Medal Petition. Recently, we traveled to Blackshear, Georgia and attended the

Cowboy Day Festival where we were about to share the Thiokol Era History and gain signatures in favor of our **29 Patriots** receiving the **Congressional Gold Medal**. Our volunteers have crisscrossed the region traveling to Baxley, Brunswick, Kingsland, and St. Mary's to get the petition signed by fellow Americans. Have you sent your letters and e-mails to Senators Perdue or Isakson asking them to support this effort? If you have not, then today would be a good time to get involved and get it done!!
